Brattleboro, VT

Dear Valued Customer,

As the Covid-19 Pandemic continues to evolve, we want to reach out to our customers and let you know that we are open with new hours of operation at a few of our locations and conducting business as usual with some added guidelines.

All our employees with flu-like symptoms, and any employee who has traveled to a known hotspot will be sent home to self-quarantine. We are requiring our staff to abide by the 6 to 10-foot rule per order of the CDC. That means when you are conducting business at our sales counter or with one of our delivery drivers our staff may need to take a step back when you sign for purchases. We appreciate your help and understanding to abide by the 6-10 ft rule. We have also adjusted hours at a few of our locations please see below the current hours of your preferred Leader location. In addition, we are sanitizing our counter area, entry doorways, and delivery trucks on a regular basis for everyone's safety.

We will be offering curbside pick-up of orders at all locations until further notice. Curbside orders can be placed by calling any location. Payment will be taken by credit card or your Leader charge account if applicable.

We understand these are trying times, and the safety of our employees and our customers is very important to us. Rest assured that Leader is here for you as always for your building material and hardware needs.

Sincerely,

Josh Wuruk

Director of Operations
